Stone ————— Simplifying Surgeries

LAPAROSCOPIC DISMEMBERED PYELOPLASTY

A 3 year 2 month old boy child presented with Right Pelvic Ureteric Junction Obstruction with Beaded Right Ureter, Multiple Kinks and Grossly Dilated Right Renal Pelvis reaching the urinary bladder due to the obstruction.

Dr. Arun Kumar K, Sr. Consultant Urologist along with the surgical team at RG Chennai performed Laparoscopic Dismembered Pyeloplasty using Two

5mm Ports and One 10mm Port (All Adult Ports). The entire procedure was completed Laparoscopically, even though the logistics were against the team performing the procedure. Decompression of the Right Pelvis, Spatulation of the Ureter, Excision of the Redundant Pelvis and Pyelo-Ureteral Anastomosis over stent were all done in that 9kg, 3 year old boy. The child was discharged on the third post operative day after removing all the tubes.

RG HOSPITAL KOLKATA DISTRIBUTED DRAWING BOOKS, CRAYONS, PENCILS & CHOCOLATES AMONG 50+ CHILDREN.

WE HAVE THE SECOND INTERNATIONAL PAPER ACCEPTED AND PUBLISHED IN A SPAN OF TWO MONTHS

Academic Excellence

We are pleased to announce that a systematic effort of a team of technocrats from Manipal University Jaipur, University of Calabria, Italy and **radiology experts from RG Stone Urology and Laparoscopy Hospital** across India, resulted in publication of user friendly COVID-Screening system.

The research article titled **“A Multi-Modal Bone Suppression, Lung Segmentation, and Classification Approach for Accurate COVID-19 Detection using Chest Radiographs”** is published in **Q1 Journal: ‘Intelligent Systems with Applications’**.

The system employs GAN model for bone suppression, lung segmentation, and classification of chest radiographs into COVID-19, Bacterial Pneumonia, Non-COVID Viral pneumonia, and healthy categories.

RG LUDHIANA ORGANIZED A WORKSHOP ON INSULIN FOR HOSPITAL EMPLOYEES WITH THE THEME EDUCATE TO PROTECT TOMORROW

Diabetes Awareness Activities for Hospital Employees on the occasion of "World Diabetic Day" at RG Stone and Super-Specialty Hospital Ludhiana

Theme 2022: Educate, To Protect Tomorrow

Nurses Education Program (conducted in two batches)- included

- Workshop on Insulin- Types, Techniques & Storage
- Blood Glucose Monitoring- Timings, interpretation and targets

Screening for Nephropathy with urine micro-albumin testing:

Three out of 15 were found to have abnormal urine proteins; they were educated about the importance of these tests at regular intervals to prevent onset of diabetic kidney disease.
